Software Development Intern - KodNest Technologies, Bangalore - March, 2024 - September, 2024

Intern at KodNest, where I acquired practical skills in Python, MySQL, Frontend Technology, Manual Testing, contributing to real-world projects and learning directly from industry professionals

PROJECTS

Project name: Shopper stop

Tools &Technologies Used: Django, Python, HTML, CSS,Mysql,VScode

Role: Backend developer & Manual testing

Project Highlights:

- Designed and developed a small-scale e-commerce platform for showcasing and purchasing Garments and Footwear products.
- Implemented core functionalities such as product catalog, user authentication, and shopping cart.
- Developed an admin interface to add, update, and delete products.
- Integrated a basic checkout process with order confirmation notifications.
- Utilized Django templates for dynamic page rendering and responsive design.
